 8. Philadelphia, March 13.—Order to strengthen the union strike, the Central Labor Union today directed that all union members, bakers, grocery clerks and other employees of the companies life remain away from work tomorrow and until the grievances of the striking carmen are adjusted.
 9. It was also resolved that union members withdraw their money from banks. Their sympathizers, who organized or not, are also asked to likewise.
 10. The leaders of the strike say they endeavored to conduct the movement with some regard for the convenience of the general public. Direct or indirect action, they said, had been the effect of the strike. They say they are now determined to do their best.
 11. THREATS TO EXPEL. The union drivers of milk and wagons were called upon to withdraw by the union committee tomorrow by the Central Labor Union. Any union man working for any line of employment will be expelled from the union of which he is a member.
 12. Pressure was brought to bear on the brewery workers and their representatives to join in the general strike despite the orders of their officials.
 13. Before this action was taken, a German trades union of the Central Labor Union had voted to expel brewery workers from members and to boycott all Philadelphia hotels. The brewery workers then held a special meeting and decided to join the strike.
 14. The committee of thirty-five appointed by the United Business Men's Association held a long session today. It was unable to find any solution of the difficulty.
 15. The question was referred to a committee of seven men to report tomorrow. The committee at some future date. The transit company said it was able to operate practically a normal Sunday schedule today. Four hundred and forty cars were run during the week-end and five hundred and forty tonight.
 16. Two hundred new automobiles conducted reached here today. 120 of them were from Indianapolis and thirty from Buffalo. About seventy of the recently completed cars were distributed by the company in its effort to weed out the undesirable of its new employees.
 17. SMALL DISTURBANCE. Attracted by a fire in a boxcar on railway siding in Kensington, a crowd of several thousand persons collected late today. Some boys threw stones at some of the police and later windows of a number of cars were broken. Aside from this outbreak there were more cars in operation than on any other Sunday since the strike began.
 18. The police and the traction company officials agreed in the statement that the situation is improving hourly. The rough element that the company fears when the strike began, is being weeded out, and a better class of men now operate the cars.
 19. "And we are getting the fare too," declared an official. "Where two weeks ago 80,000 fares were collected in one day, yesterday 120,000 fares were turned in. This, it is of course, accounted for in part by the fact that we are running more cars, and people are using them more freely."
 20. STAND PATTERS. The officials and directors stick to their original declaration, that the union will not be dealt with, and they are apparently just as determined today as they were three weeks ago. Officials of the union are just as determined that no settlement will be accepted that does not include full recognition of the union. The company offers to take strikers back, and does not demand that they shall drop their union membership, but insists that the union shall cut no figure in any peace negotiations. In other words, the company is for the "open shop."
 21. It is not believed any effort to secure outside intervention, or the mediation of the Civic Federation, or of President Taft, or of any one else, will be fruitful.
 22. The company officials are silent regarding yesterday's action of the Interstate Railways Company increasing to 22 cents an hour the wages of motormen and conductors in Trenton, Reading, Wilmington, Chester, Lebanon and Morristown.
 23. The Philadelphia Rapid Transit Company now pays 22 cents an hour.

ROOSEVELT TOUCHED.

Deeply Moved by Reception Plans.

Former President's Heart Stirred by Evidences of Esteem Shown.

Non-Partisan Character of Demonstration Gives Him Added Pleasure.

Traveler Will Join Wife and Daughter in Khartoum This Morning.

BY JOHN CALLAN O'LOUGHLIN.

(SPECIAL CABLE TO THE LOS ANGELES TIMES.)

KHARTOUM, March 13.—[Exclusive Dispatch.] Col. Roosevelt is deeply touched by the many evidences he is receiving of the continued interest the American people have in him, and especially because he realizes that he now is a private citizen. He is anticipating with interest the trip through Egypt and Europe and more eagerly his arrival at home, where he will be among the people he knows and who understand him.

The suggestion that the demonstration on his arrival in New York be participated in by persons of all sections is a matter of gratification, for he has no desire that in any way it be given a political character—indeed, probably any such complexion would prove excessively annoying and he might refuse to attend if he learned of this intention in advance.

If a reception takes place, consequently, it must be non-partisan and have no relation to politics. This is in accordance with the attitude he has had from the time of his retirement.

JOINS FAMILY TODAY.

Col. Roosevelt arrives at Khartoum tomorrow afternoon, meeting his wife and daughter at the station at 10 o'clock and proceeding to the Grand Hotel, where they will stop till Thursday. Then they will take a train to Cairo, stopping for an hour at Assuan to inspect the great dam at Luxor.

For two days the Egyptian government has placed a special car on the regular train for his disposal. The Chicago Tribune's and the Los Angeles Times's special boat Paasha arrived at Khartoum tonight, finding the city on tip-toe with excitement over the coming of the greatest journey, a historic event that ever occurred in Africa—namely, the race up the Nile between the Paasha and the Cairo.

RACE HOT FROM START.

The race from the beginning to the end was filled with stirring incidents. The Paasha, starting at Cairo at dusk, 100 miles above Khartoum, and was passed by the Cairo while taking wood above Rabak, seventy-five miles up.

The Paasha is an old boat and steamed with broken paddles and pounding engines, but the steam gauges showed the top notch, suggesting the old days on the Ohio River, when a nigger boy held down the safety-valve, realizing that if he failed, the boat would explode.

The strategic point was naturally the telegraph station, which is located in Repk, with no other within a hundred miles in either direction, with a single wire, and a Soudanese operator with only a casual knowledge of English. Upon landing, the correspondents dashed to the telegraph office, which the Tribune and the Times reached first.

KHARTOUM IS IN GALA.

GARB FOR ROOSEVELT.

[ASSOCIATED PRESS NIGHT REPORT.]

KHARTOUM, March 13.—Khartoum is now in gala attire awaiting the coming of Theodore Roosevelt, who, with the other members of the American hunting and scientific expedition, is aboard the steamer Dal, on the last leg of the journey to this city.

The steamer is expected to reach here tomorrow, but an unusually strong northern gale is kicking up heavy waves in the river, and it is possible that the arrival of the distinguished American will be delayed.

Col. Roosevelt's success in shooting in the Soudan a dozen antelopes, including one known as Mrs. Gray's white eared antelope, and other rare specimens, makes a fitting end to his hunt, which has been successful beyond all expectations.

Henceforth the former President will be the guest at a series of brilliant receptions. The first of the receptions was held at the Jungle station of the American Mission at Sobat, where Col. Roosevelt dined on his way here. Before his departure from Sobat he spoke of the manager in which the medical missionary work at the various stations had impressed him.

GIVES BLOOD TO SAVE SON.

Father of Francis Hopkins, Meningitis Sufferer, Makes Sacrifice in Vain.

Disa of Exhaustion.

[ASSOCIATED PRESS NIGHT REPORT.] WASHINGTON, March 13.—Although the father hurried to this city on a special train from Baltimore and submitted to an operation for the transfusion of his blood into the veins of his son, who was lying near death's door with meningitis, Francis Hopkins, 7 years old, son of Lewis Hopkins, and grand nephew of John Hopkins, founder of the university that bears his name, died today.

The boy had lain in Providence hospital seven weeks, and after submitting to two operations, the physicians decided that a third, with the transfusion of blood, probably would save his life.

After the operation the boy rallied, but death resulted from exhaustion following his long illness.

BOSTON (Mass.) March 13.—[Exclusive Dispatch.] By banding together the progressive college girls of America into an organization that will bar matrimony until the assigned work of each member in the cause of the suffragists is completed, the most radical movement yet devised by the leaders of woman's vote workers is soon to be put into force.

Each of the college suffragists in Wellesley, Bryn Mawr, Vassar, Smith, Radcliffe and other women's colleges will bind herself to forego the marriage vow until she has won over to the women's suffrage cause 500 bona fide men voters.

The plan of the advocates of this notable movement, the most unique in the history of American womanhood, were explained by Mrs. Clarence Mackey, president of the Equal Franchise Society.

"This will be a winner for the cause," she declared. "Instead of being a barrier to their marriage opportunities, we believe the true chivalry of American manhood will come forward and the members of our new college societies will be the most sought-after girls in the world."

"By the spring of next college year in September we will have our society on a well-founded platform and the membership list will then be thrown open."

The 500 converts must put their names down in black and white. The signed blanks will be checked up and approved and credited to the proper college girl. When the girl member will have signed up 500 real live men she will get a "clear bill" permitting the exchange of vows to the victor.

To make it easier task values are placed on the heads of the captives that will enable the suitors to win their brides in a few masterful battles. The capture of a United States Senator will count for 500 victories on the suffragist battlefield.

A Congressman will have the value of 100, an ex-Senator of fifty, a State Senator of fifty and other politicians and influential office holders will be rated in proportion.

Wedding With Pretty Miss Alexander Will Probably Take Place the Same Month.

[BY DIRECT WIRE TO THE TIMES.]

NEW YORK, March 13.—[Exclusive Dispatch.] Theodore Roosevelt, Jr., it was learned today, is expected to finish his labors at the plant of the Hartwood Carpet Company in Thompsonville, Ct. in June. He later will become manager of one of the corporations' western houses, it was said.

No date has been set for his marriage to Miss Eleanor Butler, daughter of the late John D. Rockefeller, Jr., only that this, coupled with the fact that Col. Roosevelt will reach New York late in May or early in June, it is gathered that the wedding will take place in the month of roses.

Among the throngs in Fifth avenue today at noon were Theodore, Jr., his fiancée, and her mother, Mrs. H. A. Alexander. Evidently he had come down from his work in Connecticut to rejoice with his bride-to-be over the report that his father, on emerging from the African wilds last week, had expressed himself as greatly pleased with the match.

Mr. Roosevelt and Miss Alexander did not attend church, but left the Alexander home, No. 45 West Forty-seventh street, at 1 o'clock. The party went to the Colony Club for dinner. It was at this club that Miss Alexander made her debut three years ago.

Miss Alexander wore a frock of dark red cloth, trimmed in black velvet, and a long, flowing veil. She was accompanied by her mother, Mrs. H. A. Alexander, and her sister, Miss Alexander.

They walked along in the sunshine, laughing and bowing to acquaintances among the church goers.

EX-BASEBALL MAGNATE DEAD.

Stanley Taking Life Easily at Hot Springs.

Promoter Griffin Wants the Welsh-Wolgate Go.

[BY DIRECT WIRE TO THE TIMES.]

SAN FRANCISCO, March 13.—[Exclusive Dispatch.] Stanley Ketchel will have none of Sam Langford, at least, that is the way it looks from the reply that came to Promoter Jim Griffin of the Broadway Club tonight.

After waiting a week and scoring the country through his messages, Griffin located the middleweight champion at Hot Springs. He wired the Michigander, offering him good inducements for a fight with Langford on Saturday, July 2.

Whether this message means that Ketchel has other engagements for July 4, whether he wants more time for rest or whether he is dodging the Boston black, is altogether a matter of conjecture. The only certainty is that he will not fight.

"I'm going to keep on trying," said Griffin. "Welsh will be in this country shortly and would like to match him with Ad Wolgate for the lightweight championship of the world. I am going to try to get him to fight and see if he will consider a match."

MUCH INTEREST SHOWN. BUG WREST BIG FUG.

Interest in the coming forty-five round contest between Sam Langford and Jim Flynn, which is scheduled for Vernon arena under the auspices of the Pacific Coast Athletic Club, was shown yesterday by the immense crowds of fans which attended the workouts of the two fighters.

At a Langford appeared before a full house in the park of the Oakland Hotel and went through his regulation stunts for an hour and a quarter. He boxed twelve rounds in all, using Bob Armstrong, Arthur Collins, George Byers and Young Kenny for partners, handled all of them with ease and showed that he was the master of many of the fighters now before the public.

The following practice scores were also made:

Fifty-yard pistol: R. J. Fraser, 85; J. P. Smith, 80; J. E. Holcomb, 75; J. M. Smith, 70; J. P. Smith, 65; J. E. Holcomb, 60; J. M. Smith, 55; R. J. Fraser, 50.

NICHOLS IS HIGH GUN. MEDICINE RIFLE SCORES.

Poor light and shifting winds made good scores hard to get on the Glendale range of the Los Angeles Rifle and Revolver Club yesterday. In spite of the bad condition nine of the regulars turned out in preparation for the day's shooting.

About the scores of the day were: E. D. Nichols, 45; J. M. Smith, 40; and Crossman's 46 at 200 yards, but the low totals were mainly due to the weather conditions.

E. C. Price, a new member, appeared with a .35-caliber sporting rifle, and showed that he was a good shot.

SAN FRANCISCO, March 13.—In a struggle that carried with it all of the feeling brought about by the secession of the Alhambra soccer club from the California Football Association, the Vampires beat the Thistles, sympathizers with the Alhambra, in the first round of the cup series in the soccer tournament before the Fresno grounds this afternoon. The score was 4 to 2.

At the opening of the second half of Thistles took the lead with another goal. The Vampires scored three goals in rapid succession just before the final whistle blew.

JAKIE WANTS ANOTHER RACE.

DE ROISER SIGNS TO MEET YOUNG WHITTIER.

Match Race at Coliseum Sunday Should Furnish All the Necessary Thrills—Frenchman and Salt Lake Man Hook Up for Professional Amateur on Sauer Boards.

Jake De Roiser, champion motorcycle rider, is to meet Whittier, who has been running consistently at the Coliseum this season, in a match race next Sunday for a purse of \$300. This will be the first time these two motor men have met in a dual race, and have only once before in an open race, the last 100-mile event held at the Coliseum, which was not decisive.

Whittier was nearly two miles in the lead, on the ninety-second mile when his machine slipped and he dropped behind. Many who saw the event were of the opinion that Whittier outran the Frenchman from twenty miles on to the century.

De Roiser claims to have been sick when he rode that race and says he will show Whittier that he is a different man now as his three months' rest has done him a world of good. He also says Whittier's wonderful riding does not worry him in the least, as he has heard of other riders before, but has always been able to defeat them when it came to a match race.

Whittier, the plucky rider from Salt Lake, is more than pleased to have an opportunity to meet the champion in a match race and says according to the form he is now riding in, he is sure to defeat Jake. Whittier's friends say that he will be a new champion after next Sunday, as the Salt Lake man will defeat any man in the world at the present time. Many of the riders have promised to trim the Frenchman, and other big names are expected to turn the trick this week. The fans are anxiously awaiting the outcome at the Coliseum.

KEYSTONE RELAY RACES.

Best Athletes of East and West to Compete in Monster Cinder Cane Relay at Pennsylvania.

Prospects for fine racing at Pennsylvania's monster relay carnival are brighter this year than ever. It is expected that the entry list will break all records in the history of the event.

The relay will be the one, two and four-mile relays. All of last year's winners will be on hand to defend their titles.

Chicago, the victor in the one-mile event, hopes to win the title once more, while it is understood that the University of Michigan, whose team was beaten in the last year's relay, will endeavor to turn the tables.

The Wolverines have not forgotten the loss of the relay, and are determined to win it this year. At present there are no very fast quarter-mile teams in the East, with the possible exception of Harvard, so that this race promises to be a duel for the West.

The University of Pennsylvania looks to have either the two or four-mile race at its mercy. It depends upon which race the Quakers decide to concentrate their strength. The Quakers have a very strong team of runners in Paul, Baker, Boyle, Levering and Gray. Paul and Levering were the victors in the two-mile relay last year, while Boyle and Baker, faster than either of the other two men, won the four-mile relay.

Tale was the victor in the two-mile relay last year, while Boyle and Baker, faster than either of the other two men, won the four-mile relay.

EXCHANGE BUILDING BURNS.

Big Structure at Colton Is Destroyed.

Loss Is Thirty Thousand

Dollars.

COLTON, March 13.—The Colton

Fruit Exchange building was totally

destroyed tonight by fire originating

from unknown cause. The damage

was about \$32,000; insurance \$35,000.

The building was erected sixteen

years ago for the purpose of holding

county fairs in. Eight years ago it

was sold to the Colton Fruit Ex-

change, a branch of the California

Fruit Exchange.

CHRISTEN COUNTRY HOME.

El Portal Aviero Is the Name Se-

lected at Celebration at China

Valley Place.

To celebrate the opening of their

new country home, Mr. and Mrs. E.

J. Brent entertained about one hun-

dred of their friends with an old-

fashioned, house-warming yesterday

afternoon.

The estate comprises 110 acres in

the China Valley, and from the house,

located in the center of a grove of

fine old trees, one can enjoy one of

the finest mountain views to be had

in Southern California.

To decide upon a suitable name for

the new home a contest was held, the

prize for the most appropriate name

going to Miss Maria Jones, who sug-

gested "El Portal Aviero." The name

was selected by a vote of the guests.

Following the naming a Spanish

barbecue was served under the trees.

At the close of the day Mr. Brent

made a brief address, in which he

invited his guests to always consider

El Portal Aviero as their home.

DATE CHANGED

FOR STATE FAIR

Annual Meeting to Be Held

a Week Earlier.

Former Calendar Conflicts

With Salem Races.

Fast Horses Training on the

Sacramento Track.

[BY DIRECT WIRE TO THE TIMES.]

SACRAMENTO, March 13.—[Exclu-

sive Dispatch.] That harness races at

the State fair will not conflict with

those at Salem, Or., the directors of

the State Agricultural Society have de-

cided to meet tomorrow night and decide to

open the fair possibly a week earlier.

This will throw the opening day on

September 1, rather than September 9,

Admission Day, which the fair direc-

tors considered a moot date.

Considerable objection has been

made from some quarters over the

change of the date, but the directors

have decided to change the date.

The new arrangement will shorten

the length of the fair. Otherwise it

would have opened on Friday and

closed on Saturday, a week later,

whereas it will now open on Saturday

and close a week from that date.

The largest number of horses trained

here in many years are now working

at the State fair grounds. Additional

stall room has been built and every

arrangement made to make this city

one of the largest winter training

quarters on the Coast. The track is

in excellent condition.

OLYMPIC GOSSIP.

American Athletes Interested in Plans

of Greeks for Promotion of

Big Games.

America's college and amateur ath-

letes are taking deep interest in the

new from Australia which seems to

indicate that the Greek government in-

tends to promote a set of "Olympic"

games this spring in spite of her pol-

itical disturbances at home and abroad.

Apparently the Australians either have

more definite information than Amer-

icans regarding these games or they

are laboring under a mistaken notion

about them. At any rate the澳大利-

ans have named a nucleus for a team

which they have decided to send to

Athens for the promotion of the great

games. The nucleus consists of a

representative of Great Britain.

As for the United States, this country

never did have very serious intentions

of getting up a team.

At the same time plans are being

laid here for future Olympic games,

but the first meet to which a team

will be sent will be the Olympic games

to be held at Stockholm, Sweden, in

1912. Americans feel that since the

coming Athenian games do not belong

to the quadrennial Olympic cycle, there

is no reason why they should be a

team to them. To do so would entail

considerable expense, which could be

better saved for the Swedish meet.

Furthermore, since the games are

scheduled for April and May, the team

will be without the services of the

college athletes, who comprise the

chief of our athletic talent. It is true

that with only club athletes the United

States won the 1906 games at Athens,

but the outside competition at that

meet was not so keen as at London in

1908.

Before the next Olympic meet in

1912 the A.A.U. hopes to have secured

the financial assistance of this gov-

ernment. That was not done in 1908

and the American team had to be kept

down on account of lack of funds. Can-

ada contributed to the expense of the

for improvement in the city, covering about sixty streets and avenues. On most of them contracts have been let while on the others grades are being established by the engineer, preparatory to the work.

Former residents of and visitors from Indianola, Iowa, now in Southern California will hold their annual basket picnic here Saturday, March 26. I. E. Vale is chairman of the

Committee on Arrangements.

Because the private right of way of the Pacific Electric main line cuts American avenue into two thoroughfares north of Anaheim street, the Council has, by ordinance, named them respectively East and West American avenues.

Violator of Pomona Liquor Ordinance Sentenced to Pay Heavy Fine and Will Appeal.

POMONA, March 12.—The funeral of Mrs. Mary M. Morton, widow of W. D. Morton, who started and edited the first newspaper in Pomona, was held this afternoon and was attended by the Woman's Relief Corps. Mrs. Morton was 60 years old and came here twenty-seven years ago. She had seen the growth of a straggling settlement to the present city, and for years resided at Third and Parcela streets, a new part of the West Second street park. She is survived by

The date for the rehearing of the case of J. E. Probenal, charged with violating the city liquor ordinance, has not been fixed, although City Attorney Fos says that it will be held soon.

Walker Joy in the case disagreed.

Walter Joy, 16 years of age, son of C. F. Baylor of No. 740 East Fifth avenue, who pleaded guilty with Jewel Saunders and Joe Smith to the charge of stealing sixteen chickens from the home of C. Francis and R. F. Williams of Ninth street and San Antonio avenue, had been sent to the detention home in Los Angeles and his case will come up before the Juvenile Court. The other two boys, who are under 16, have been taken to the County Jail to serve sentences of thirty days each.

Windsor; J. W. Wilson, a practical
carpenter, customhouse agent;
E. Jackson, photographer, and G.
Colby, capitalist. The party left
Windsor at sunrise and followed the
rangers' trail, above and paralleling
the Englehardt Cañon to the summit,
from there the government trail was
followed to a point on the crest of the
mountains opposite the head of Little
Englehardt Cañon, where it is expected
that a new road will cross the mountains.
Leaving the government trail and fire-
rack, the party took a northeasterly
course, following a narrow trail cal-
labeled in direction of the timber
line, finally reaching the objective

After lunch they retraced their steps surely to the summit and then descended the mountains along the route previously located and surveyed, reaching home by nightfall. It was the consensus of opinion that the route previously selected and partially surveyed will be the most feasible and the one to recommend for the permanent road.

A special meeting of the good roads association will be held Tuesday evening at Flora Hall, Converse Block, to further the project.
